THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Clarksville, in the County of Coos, in the State of New Hampshire, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall in said Town of Clarksville, on Tuesday, the 9th day of March, next, at ten o'clock in the forenoon to act upon the following subjects:

1. To bring in your ballots for the election of delegates at large, alternate delegates at large, delegate and alternate delegates to the National Convention of the various political parties to be held to nominate party candidates for President and Vice-President of the United States.
2. To bring in your ballots for the election of delegates to the constitutional convention, to be held on May 12th, next, at the State House in Concord, New Hampshire.
3. To choose all necessary town officers for the year ensuing.
4. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations for the same.
5. To see if the town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the town through tax collector's deeds.

6. To see if the town will vote to accept state aid for construction of T.R.A. roads and if so, raise and appropriate the sum of two hundred eleven dollars and seventy-five cents.
7. To see if the town will vote to raise sixty dollars for White Mountain Region association.
8. To see if the town will vote to petition the state tax commission to have an audit made by the division of Municipal Accounting and to make an appropriation to cover the expense of such an audit.
9. To see what action the town will take in regard to the building for town truck, moving, etc., and appropriate money for same.
10. To see if the town will vote to raise the sum of three hundred dollars to build a road from the main highway to Henry Ricker's barn and appropriate money for same. Also buy 450 ft. of snow fence for same road and appropriate money for same.
11. To see if the town will vote to raise the sum of \$100.00 for forest fire fighting equipment.
12. To see if the town will vote to adopt a non-partisan ballot system for the election of its town officers as provided in Chapter 22, of the Public Laws of 1943, in amendment of Chapter 34, providing for a non-partisan ballot system for town elections.
13. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 23rd of February, in the year of our Lord nineteen hundred and forty-eight.

WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Clarksville qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the 9th day of March, 1948, at 2 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.
7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the

statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the district will vote to raise and appropriate the sum of \$250 for the purpose of adding a fire escape on the rear of the Clarksville School Building.
10. To transact any other business that may legally come before this meeting.

Given under our hands at said Clarksville this 11th day of February, 1948.

SUPERINTENDENT'S REPORT

To the Superintending School Committee and the Citizens of the Clarksville School District:

Foreword

Certainly the wealth of natural resources which abound here in this northernmost section of our Grand Old State of New Hampshire is vividly impressed upon our minds whenever we stop a moment to reflect upon our surroundings. Whether our thoughts are absorbed with the grandeur of Mother Nature's handiwork on every side, or with the rolling by of truck load after truck load of milk, potatoes, pulp or logs, as the case may be, our conclusion in the same, namely, we are living in a land of tremendous natural resources and we are doing something with them.

Deeply impressed as we are by the potentiality of these most generally thought of natural resources, we are sometimes prone to overlook the two all important ones. All others are meaningless without

them. The intelligence and initiative of our boys and girls—the determining factors of where we will be tomorrow—are our greatest “natural resource.” Where we are today is not primarily a result of our other natural resources—although we have been most fortunate in this respect—but of the abilities which our youths of yesterday developed. Where we will be in the future will be dependent, in turn, upon the abilities which we help our present younger generation to develop.

Faced with this fundamental truth, it is imperative that everything possible be done in our schools to meet these needs. Especially is this true, when we realize that we have not only “come a long way” in bringing about the high standards of living enjoyed today but, also, that we have “gone a long way” in depleting our natural resources of a material nature in bringing them up to our present high level. It means that the demands upon our educational system are paramount as never before to assist in developing the most vitally important of all our “natural resources”—the ability of our boys and girls to successfully meet the many complicated situations of life.

Teachers

For the first part of the year the teachers were the same as for last year, Pearl B. Hawes, Principal, Grades 1-4, and Doris J. Chappell, Grades 5-8, and music. The latter resigned during the Christmas vacation and Ruth E. Robie, Plymouth Teachers' College and a former teacher, was elected to fill the vacancy.

Buildings and Equipment

The discovery of an adequate water source on the school grounds during the summer vacation made it possible to install much needed flush toilets. With this work completed and the usual minor repairs and improvements made, the building is both very well equipped and in good condition.

Enrollment and Attendance

At the time of this writing 35 pupils are enrolled in the two rooms. This represents an increase of 7 over last year. The percentages of attendance for the past year were 89.66 for Grades 1-4 and 91.56 for grades 5-8. The number of tardiness cases totaled 18.

Two tuition pupils are attending Pittsburg High School, and two are attending Canaan High School.

Notes on the Budget

The School Board's budget for 1948-49 totals \$9,282.00 as compared with \$8,834.97 for last year. This budget is reduced by an estimated income of \$400.00 so that the requested appropriation is \$8,882.00. The appropriation last year was \$8,436.00. The increase in the total budget reflects the higher costs for salaries and supplies, and also indicates that the school district has but a small cash balance on hand.

Health

Since the resignation of Thelma Hurley last April, the school has been without the services of a school nurse. However, during the fall term an inspection was made by Ethel Sturgis and complete physical examinations were given by Doctors Parsons and Gifford. It is important that a nurse be selected as soon as possible to carry on this health work and supervision.

Legislature

The past year has been an epoch making one in the passing of legislation beneficial to education. Of the several bills passed, the ones on state aid and teachers' salaries are extremely important. The former provides for the annual distribution of \$2,000,000 on an equalization and general basis for both elementary and secondary education throughout the

state. The latter establishes minimum teacher salaries dependent upon the amount of training and experience of the teacher.

Conclusion

Again may I reiterate the magnitude of our responsibility to help our boys and girls to develop sterling characters, sound judgments and deep understandings—the prerequisites of extensive ability. The degree to which not only our section, but also our nation, maintains and improves upon its present status is going to be directly proportional to the extent that these traits are established and function in the routine every-day living of its citizens.

May I take this opportunity to express my deep appreciation to the members of the school board, parents, teachers and citizens for all the help received in endeavoring to maintain high standards in our schools.

Respectfully submitted,

ERNEST B. DANA

Superintendent of Schools
